Subject: Letter of Recommendation for Mr. John Macomber

To Whom It May Concern:

It is with pleasure that I write this letter of recommendation in support of Mr. John Macomber. As a librarian at Victor Valley College, I worked with John during the 2012-2013 academic year when he was employed at VVC as an adjunct librarian.

While at VVC, John provided reference services as well as participating in the library's bibliographic instruction program. When assisting students at the reference desk, he was attentive and regularly interacted with students to ensure that they were locating relevant sources for their assignments. His attention to students' success was also apparent when conducting bibliographic instruction classes. He communicated well with the instructors and took extra steps to accommodate for specific class assignments. After completing a class orientation, he was careful to follow-up with students while they continued their research in the library.

John has the qualities and enthusiasm to be a successful academic librarian. He is both sensitive to students' needs and current with library instructional technology. I am confident that he will be a welcome asset to your library.

Sincerely,

John P. Akins
Librarian
